TURN THE CURVE REPORT LGBTQ YOUTH TASK FORCE

POPULATION RESULT: Broward LGBTQ youth in the dependency system will successfully transition to adulthood.

COMMUNITY INDICATORS

SERVICE SYSTEM PERFORMANCE MEASURES (DATA DEVELOPMENT AGENDA)

- % of LGBTQ youth in the system
- % of LGBTQ youth in the system who graduate
- % of LGBTQ youth in the system who are employed
- % of LGBTQ youth in the system with stable housing
- % of LGBTQ youth in the system who are not involved in the juvenile justice system
- % of LGBTQ youth in the system with positive physical and mental health outcomes
- % of LGBTQ youth who feel safe in agencies and community
- % of LGBTQ youth with a mentor

STORY BEHIND THE CURVE

- Providers were not collecting data until recently on LGBTQ youth
- Fear of discrimination /personal bias
- Ignorance of culturally competent interactions with LGBTQ and knowledge of resources for LGBTQ youth and their families
- LGBTQ youth are lacking at least one significant adult to provide positive support
- Increased mental health concern rates
- Substance use and abuse concerns
- Risky sexual or other behaviors
- Youth in dependency care are not being identified, missing opportunities to provide supports
- Lack of communication, acknowledgement of need for training, identification

BEST IDEAS – WHAT WORKS

- “Guidelines for Managing information related to sexual orientation and gender identity expressions (SOGIE) of children in child welfare systems”
- Sunserve training to non-profits and ongoing technical assistance with providers
- OLC, webinar for LGBTQ CC Training
- Collection and analysis of data (ongoing)
- Youth health and climate survey
- Affirmative linkages and referrals, life coaches
- Mentors, youth groups, affirming therapy

ACTION STEPS

- Review other models /best practices for collecting LGBTQ youth data
- Develop framing questions, protocols and best practices for collecting, managing and analyzing the data
- Collect baseline data from agencies on LGBTQ policies and practices
- Train therapists in the Childnet system on LGBTQ cultural competency
- Provide Train the trainer on Lambda Legal LGBTQ curriculum
- Requiring LGBTQ cultural competence training for foster parents, housing providers, group homes, Child Advocates, GAL
- Requiring CAs and GALs to link youth to affirming therapy, life coaches, groups ASAP
- In school: Family life and Human sexuality curriculum
- Some schools- HIV testing
- Childnet Predictive Analytics project and baseline data on LGBTQ youth
- Second push for agencies to have their staff complete the LGBTQ Safety Self-Assessment Tool
