

Special Proclamation
Broward Reads City

To ensure that Broward's children are reading at grade level, The Broward Reads campaign focuses on four critical areas including school readiness, chronic absenteeism, family engagement, and prevention of the summer learning loss.

Coral Springs is partnering with Broward County to demonstrate a collaborative approach in making grade level reading a priority not only within our community but throughout all of Broward County as well.

Coral Springs is excited to join this worthwhile initiative by becoming a proud "Broward Reads City."

Therefore, we, the City Commission of Coral Springs,
proclaim Coral Springs as a "Broward Reads City."
